ENGR 112 SI Session: Wednesday April 6, 2016
MATLAB Project

Warm up:

1. How much of your overall grade is this project worth?

2. What is the purpose of this project?

3. What are some general features of this project?

4. How many menu choices is the user given?

5. What's the purpose of the menu command and how would you implement it to show the user to select from rock papers or scissor?

Main Activity: Open Matlab to start the project
